

I would ask you as a listener to K-Love radio that you do not let LPFM take precedence over existing FM service. It is in the interest of all communities who have the ability to hear K-Love to keep this service on the air. Few radio stations can claim to have such a positive impact on communities throughout the U.S. When announcers on K-Love radio say that this station is safe for the whole family is not an exaggeration. Were it not for K-Love radio I would be scared to let my stepson and stepdaughter listen to the radio. There are already so many raunchy radio programs on the air now that to change the criteria of services and again let LPFM have precedence of existing service would be horrible. I urge you to reconsider your decision about LPFM and take into consideration what our young people are hearing now.

Sincerely,
Christy Singleton
